## CASES SETTLED

Owners of Hog Pens in the Sixth Ward  
Fined—Board of Health Wins  
Fight of Three Days.

The third day's fight in the hog question in the Sixth Ward was finally settled yesterday afternoon as far as the Police Court was concerned when Police Judge Whitaker fined M. C. Hutchison \$20 and costs and Mr. Chris Hunsicker \$10 and costs for maintaining a nuisance within the city limits.

These cases have occupied the attention of the court for the past three days and now that they have been settled they will serve as a test case if any other similar ones should come up.

In the case yesterday, Mr. A. D. Cole, the attorney for the defense, contended that under the agreement when the town of Chester came in with the City of Maysville they were allowed to keep their hogs within the city limits. He also argued that according to the evidence no nuisance had been committed in the keeping of the hogs.

City Attorney Calhoun argued that the city did not want to take the right of keeping hogs in the Sixth Ward away from the people but that since the Board of Health had declared them a nuisance they would have to be removed. He spoke rather lengthily upon the statement of Dr. W. S. Yazell who said that he had never seen a sanitary hog pen.

At the close of the arguments of the attorneys Judge Whitaker gave a plain judgment on the case and fined Mr. Hutchison \$20 and costs and Mr. Hunsicker \$10 and costs. Mr. Hunsicker got the small end of the fines.

## PUBLIC OPINION

Most Determine Issue, Says Lee—  
Railroad Leaders Still Hate To  
Give Up Right to Arbitrate  
Differences With Employees  
—President Urges  
Man to Man  
Appeal.

Washington, August 21—As one American citizen to another, President Wilson today appealed to each of the executives of the country's principal railroads on the grounds of patriotism to accept his plan for averting the disaster of a nation-wide strike. He emphasized the necessity for keeping the railroads in service as a part of the national defense, and to make possible preparations for meeting conditions that will exist after the European war.

On leaving the White House, the railroad presidents, augmented during the day by arrivals from the West, held a conference at which sentiment was said to be against agreeing to the President's proposal in its present form. Hopp was expressed, however, that some satisfactory counter proposition might be advanced, and it was decided to turn over to a committee the task of drafting a final reply to the President. With more than sixty men, most of them with their own ideas about what ought to be done, the executives found it difficult to "get down to brass tacks," as one of them expressed. Tomorrow morning, another meeting will be held and every effort will be made to reach a decision promptly.

**Public Opinion Last Judge**  
The railroad heads still insist that President Wilson is asking them to sacrifice the principle of arbitration. Elisha Lee, chairman of the National Conference Committee on Railways, issued a statement tonight, in which he said:

"That the railroads should grant, under threat of a national strike, a \$50,000,000 wage preferment to a small minority of their employees without a hearing before a public tribunal, in inconceivable in a democracy like ours. All questions at issue—wages, hours, cost, operating conditions—are submerged by the greater issue—shall arbitration be abandoned in the settlement of industrial disputes?"

The statement suggests, however, that the railroads stand ready to take whatever action the people of the country desire. It concludes:

"The weight of public opinion must determine this issue. We can not believe that it is the calm judgment of the country that we should sacrifice the principles of arbitration in industrial disputes under a threat to tie up the commerce of the country."

**Employees Ready to Strike**  
While the officials were listening to President Wilson, and later conferring at their hotel, the general committee of 640 representatives of the employees who already have accepted the President's plan, held a perfunctory meeting and marked time awaiting the decision of the employers.

They said they would wait until President Wilson dismissed them, but stood ready to call a strike should the negotiations fail. Although a few of the railroad executives had not arrived this afternoon, it was decided that those already in Washington were representatives and therefore the President called them to the White House and earnestly urged them that his plan of settlement be ratified.

Messages on the situation continued to arrive at the White House all day. Many upheld the President's position and many other urged him to support the railroads in their demand for arbitration.

Petitions signed by 20,000 non-union employees of the Pennsylvania railroad opposing the strike of the members of the four great brotherhoods were taken to the White House during the day, making a total of 80,000 signatures attached to such petitions.

A. B. Garretson, spokesman for the Brotherhoods, declined tonight to make any comment on the railroad management's statement.

## OUT OF TOWN PEOPLE ATTENDING THE FUNERAL

The following were the out-of-town people here Saturday to attend the funeral of Col. S. P. Bridges at the Third Street M. E. Church: Mr. and Mrs. E. S. Cloninger and children and Mrs. A. E. Diesem of Columbus, Ohio; Mr. and Mrs. W. E. Millineaux and daughter, Nellie, of Toledo; Mr. M. C. Chisholm of Newport; Mr. and Mrs. Currey Stockdale and daughter, Miss Lottie Adams, Mr. and Mrs. Ben Stockdale, Mrs. Mollie Stockdale, and Mrs. Ella West of Ewing; Mrs. T. J. McGhee and family of Mayslick; Messrs. James McChord and Bruce McChord of Cowan, and Mrs. Joe Chunn of Cincinnati.

Miss Jewel Davis of East Fourth street has accepted a position in the New York Store.

## CASE HELD OVER UNTIL SATURDAY

The case of Fred Hayes, charged with obtaining money under false pretenses, was again postponed in Police Court yesterday afternoon. One of the witnesses for the city having been injured in an automobile accident. The trial will be held Saturday afternoon at 2 o'clock.

## LEE-FLORA

Mr. Charles Flora, 22, of Morefield, Ky., and Miss Rosie L. Lee of Germantown, were married in this city yesterday by Rev. A. F. Stahl of the Christian Church.

## ASPHALT PLANT

Of Carey-Reed Co., Contractors for the Asphalt Streets in the Sixth Ward, Burns at Lexington yesterday afternoon.

Lexington, Ky., August 22—With a loss of about \$1,000 and no insurance, the asphalt mixing plant of the Carey-Reed Company, on West Second street, was destroyed by fire yesterday afternoon. The monetary loss is not so much as the loss of time in filling contracts for work on the city streets. George B. Carey stated yesterday, but he thought work could be resumed in about a week.

The fire originated from a bursting of an oil pipe near a valve, which was being turned off by George Wilgus, drum fireman. The oil immediately took fire because of its proximity to the furnaces and badly burned Mr. Wilgus about the face. He, however, continued his work of cutting off the valves to prevent further spread of the oil.

A few minutes after the pipe burst the building was a mass of flames. The heat was so intense from the burning oil that the firemen had trouble getting close enough to play the water on it. The steel underpinning of the mixing tanks buckled under the heat and the mixing tanks were precipitated on the furnaces. Two storage tanks for the oil were only a few feet away, but they did not take fire or explode.

This fire will probably delay the work on the asphalt streets for some time. It is hoped that the fire loss will not be so great as first supposed and that the work will not be postponed in this city.

## BIRTHS

**Wright:**  
Born to the wife of Mr. Charles F. Wright this morning a fine daughter. Mother and child are doing nicely and Charles will probably recover.

**Stewart:**  
Mr. and Mrs. Harry Stewart, of Cincinnati, formerly of this city, are rejoicing over the arrival of a little daughter—Hazel Elizabeth.

### WM. HUGHES SHOULD WIN

There will soon be a line drawn between Mr. Hughes and Mr. Wilson in the minds of many voters.

Without question Mr. Wilson is a good professor.

But is he a practical man on national questions?

Is he a good business man?

Would he make a good man in time of war?

I do not think that the record of the past few years of Democratic administration warrants an affirmative answer to any of those questions. What chance would the United States have in war, the man that changed his mind every week in regard to the policy of the army and its campaign? What have we to think of a man who thinks his and only his advice is sufficient in the policy of the United States government? What can we think of the patriotism of a man who takes the attitude that our President has taken on the Panama tolls bill, on the seaman's act, on the tariff questions, every one of which at the direction of Mr. Wilson has been passed by a Democratic Congress to the detriment of business and finance in this country.

The Republican party is not criticised without cause for not having pit the army and navy in better shape. But no man could foresee the troubles that were to come upon the United States until after Mr. Wilson had taken the oath of office. What has his administration done since trouble came?

They have done exactly what every Democratic Congress always has done; set aside the vital issues, passed pork around among the Southern States and then talked about what they would do for preparedness. In the meantime the Mexican crisis came.

No; there isn't a comparison between Mr. Hughes and Mr. Wilson. The former has demonstrated that he can take a stand and stick to it. That was shown in the insurance and race track investigations. Mr. Wilson has clearly shown that his policy is as changeable as a weather vane. It has cost the American people American lives, the friendship of other nations and American honor to learn of this Wilson weakness.

They will not send Mr. Wilson back to Washington. He will go back to the schoolroom, where he can teach the college boys his ideas; and where they are harmless. He may get the South, but why shouldn't he? The North in Democratic times pays taxes to help the South. Yes, Mr. Hughes, you win, because of your decision, your ability and your strength, and because of your opponent's inability, indecision and weakness. —Franklin J. Jackson in New York Sun.

Italy entered the great European war May 23, 1915. She had quite a time making up her mind about jumping into the fray, partly because the Democratic tariff law promised her such good pickings in this country that she didn't feel as though she could afford to pass them up. Finally, she decided to take a chance confident that, under our new free-trade law, she could tie one hand behind her back and still hold her control of our market. And she has made good, thanks to the Democratic policy. During the ten months ended April, 1915, Italy sent us \$45,181,000 worth of her goods. During the ten months ended April 1915, she held us for \$45,485,000 worth. And, oh, what a lot of this was cheese! The cheese-makers of the United States please take notice that the Democratic tariff law reduced the tariff nearly 33 per cent.

Great Britain is very much alive to the importance of establishing a protective tariff policy. For several years past she has felt severely the effects of German competition in her home market and this has curtailed her activities abroad. In the debate on the next tariff bill, which is reported by a Republican Congress, the Democrats will not be able to point to that classic example of free trade, Great Britain, to bolster up their arguments. After the war there will not be a country of any importance under the sun which does not have a protective tariff law of some kind or other. The United States is a country of considerable importance so the Democratic party might as well resign itself to the inevitable and resume its old role of blaspheming the next Republican tariff law.

### NEW YORK LETTER

(From Our Regular Correspondent)

**Jokes Still Joking**—The stage humorists are finding the national campaign almost as good material for their purposes as they used to find the Ford automobile. A rapid-fire talking team at one of the local theaters gets off this one. He: "Have you heard the latest Ford joke? She: "Yes, Henry. Have you heard the latest presidential joke? He: "No, what is it? She: "Woodrow."

**To Stump or Not to Stump**—A few weeks ago it was formally announced at the White House that President Wilson would take the stump. Instead, as soon as he had Congress off his hands, he would retire to Long Branch and content himself with writing a few notes. No sooner had Gov. Hughes taken the stump and begun to throw 42-centimeter shells over the administration's breastworks, than it was formally announced by Secretary Tumulty, for the President, that President Wilson would take the stump and go over "much the same ground" as Mr. Hughes. Now, three days later, and after a conference with National Chairman McCormick, President Wilson "definitely" announces that he will NOT take the stump, but (there is always a but) he will accept invitations to visit various parts of the country and make addresses on political subjects. Mr. McCormick announced that Mr. Wilson "considered a stupping tour incompatible with the dignity of the office of President." He will, therefore, merely "visit various parts of the country to make addresses."

**Unity in Maine**—Republican and Democratic leaders recognize alike that it is to be war to the hilt in Maine, where two seats in the Senate, the governorship and four seats in the House are at stake, and which state usually has such a powerful moral influence on the subsequent election. Any lingering hope the Democrats have entertained of finding a divided opposition in Maine has gone glimmering. The Republicans have cornered most of the influential Progressive speakers and are to send them into the state. Among these, besides Col. Roosevelt, are Hon. Arthur I. Garford, of Ohio, formerly Progressive candidate for Senator in the Buckeye state; Hon. Raymond Robins, of Chicago, once a powerful Progressive leader in Illinois; and later the chief but vain hope of the Democratic administration in Illinois; Hon. Harry J. Allen of Kansas, Hon. Edward C. Toner, of Indiana and also Hon. Oswald Ryan of the same state.

**Wilson and Railroad Strike**—The efforts of the Government mediators to settle the railroad controversy and avert a general strike, involving probably 800,000 men and over 200 railroads, having failed, President Wilson has taken a hand and will endeavor to prevent this calamity. Not only has Mr. Wilson been appealed to by businessmen and producers from all over the country, but he realizes that it is highly important to prevent this strike, because it would be the climax to the long series of labor difficulties which have marked his administration. Regarding the President's request, that they do not call a strike until they have conferred with him as a command, the labor leaders have agreed to go to Washington for a conference before they take action. Those familiar with the situation gravely regret that the administration no longer has at its command the services of Chas. P. Neill, who was Labor Commissioner under Roosevelt and Taft and who has greater success in settling labor difficulties than any other man in the country, probably in the world.

### HOW MUCH IS NOW LEFT OF THE BALTIMORE PLATFORM?

The President had holdy signed the Pork River and Harbor bill, and his facile pen is dripping with ink eager to attach itself to a Pork Public Buildings bill.

The friendliest apologists of the President's part in the profligate waste of money wrung from the people by oppressive taxation have nothing better to say for him than that it is hardly fair to expect a man to say "I forbid!" in this Presidential year when he is a candidate.

The foregoing words describing the profligate waste of the people's money with Executive approval are taken without change from a plank of the platform on which Woodrow Wilson was elected in 1912.

"We denounce the profligate waste of money wrung from the people by oppressive taxation through the lavish appropriations of recent Republican Congresses, which have kept taxes high and reduced the purchasing power of the people's toll. We demand a return to that simplicity and economy which befits a democratic government."

How much is now left of the principles declared and the promises registered at Baltimore as inducements to citizens to vote for Wilson.

Possibly it is because he and his party have been such reckless, such wholesale repudiators of the pledges of 1912 that few people remember or care to remember what pledges were made in his behalf about forty days ago at St. Louis. —New York Sun.

### EUROPEAN WHEAT YIELD SAME AS AVERAGE CROP

Rome, August 20.—The International Institute of Agriculture reports that with harvesting virtually completed in European countries indications are that the 1916 world's wheat supply will be almost 25 per cent less than last year. It is pointed out, however, that 1915 was a bumper year and that the new crop will be nearly up to the average between 1900 and 1913.

The feminine idea of Preparedness seems to be the best of all, and that is to keep well informed from the newspaper advertisements about the bargains in clothing and home supplies.

### AN ADMINISTRATION TOO CONTENT WITH LEISURELY DISCUSSION.

I do not put life and property on the same footing, but the Administration has not only been remiss with respect to the protection of American lives; it has been remiss with respect to the protection of American property and American commerce. It has been too much disposed to be content with leisurely discussion. —From Mr. Hughes' speech of acceptance.

### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years'

Standing, Relieved by Cardui.

Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

### PUBLIC SALE OF MASON COUNTY FARM

As Executor of Phoebe Marshall, deceased, I will, on

**SATURDAY, SEPTEMBER 2, 1916,**

at 2 p. m., on the premises sell at public auction, the farm owned by her on which she resided at her death, containing about 176 acres, lying just north of the town of Washington, and within 200 yards of Maysville and Lexington Turnpike road, which runs through said town, and within half a mile of the new Washington High School building. Said farm is located in the best part of Mason County, and is in a fine state of cultivation. It is well watered, has on it a one and one-half story brick dwelling house, containing six rooms and kitchen, one tenant house, stable, carriage house, silo, and two large tobacco barns, one of which is also a stock barn. It adjoins lands of George Longnecker, Larkin Brothers, A. L. Glascock, Clarence Tucker, Mrs. Mattie McCann and Mrs. Pearl Marshall. Full possession of the farm will be given to the purchaser on March 1, 1917, but possession of the dwelling house, with privilege of seedling during the coming fall, will be given at once on completion of the sale.

The farm will be sold on a credit of six and twelve months, the purchaser to execute notes with good personal security, bearing six per cent. interest from the day of sale, each for one-half the purchase money, with privilege, however, of paying the whole purchase price in cash at any time before same falls due, with interest up to the date of payment.

This sale is made pursuant to the directions contained in the will of Phoebe Marshall, deceased.

E. L. WORTHINGTON,

Executor of Phoebe Marshall, deceased.

H. C. HAWKINS, Auctioneer.

#### HOT WEATHER—BE CAREFUL

The dog-days at their worst, the days "when even the very blottiest one sees grow hot and totter," are here. General Humidity's drive on the trenches of human resistance makes us almost forget Joffre and Von Hindenburg. There's a hot time in the old town, every night, but little singing, save what the mosquitoes do. The Big Stick of perspiration is ever present. The stout man wonders if he couldn't capitalize himself as a glue factory and water stock. The thin man suffers as much or more, but he gets precious little sympathy by comparison. He is, willy-nilly, a philosopher.

We got such days last year, the year before, the year before that. We shall get them next year and the years to come. They belong to our climate. But a wise Frenchman said: "Philosophy triumphs easily over past evils and future evils, but present evils triumph over it." What we are suffering now seems always "the worst ever."

Forget the mercury. If you can. Keep your mind busy with something else. If possible. Yet forget not the little physical precautions always worth while. Eat little meat, and only moderately of other things. Drink cold water, not ice water. Keep clean at whatever profit to the laundryman. A dip in cold water before sleeping, another on arising, will help. Never run, never permit yourself to be hurried. Remember that, to quote David Harum you "have all the time there is." But let deliberation promote efficiency, and don't dodge work. After all, it is the best friend you have, even in the August period of mortal sluggishness and thermometrical misery.

Why not try a Ledger Want Ad?

#### THE PROOF OF THE PUDDING IS IN THE EATING.

What the sick want is to get well. They do not care whether they are cured by the most scientific physician or the most unlearned neighbor—they don't care how they are cured, if they only get well.

For forty years women suffering from female ills have been taking Lydia E. Pinkham's Vegetable Compound and have been getting well; and because they have got well, that great medicine continues to have a sale equalled by that of few proprietary medicines.

#### NO FORTUNE IN GOVERNMENT JOBS

In the August American Magazine James Hay, Jr., says that government jobs in Washington have no future and yet thousands of persons want them.

"One day near the close of this session of Congress," he says, "I asked thirty members of the House of Representatives how many applications they had received that day, either personally or by letter or telegram, for government jobs. Each of these representatives, purposely picked to cover all sections of the country, had on his desk from two to twenty-one requests for federal employment. The average was five."

"A twelve hundred dollar man, whose family consists of his wife, his fifteen-year-old daughter and himself, told me this:

"I don't mind confiding to you that we are able to have a roast of beef in our parlour only once a year. I haven't been to a theater for five years. Nor has my wife. We can't afford to go to moving pictures more than once or twice a month—and sometimes, when bills are piling up,

### A SYSTEM FOR HANDLING OUR TURNPIKE BUSINESS

Having made a personal inspection of practically all the roads in Mason County and measuring same at the same time, and having criticised our present system, it is but fair that I should offer a remedy for our conditions.

Mason County in the year, 1916, has an assessment of \$12,927,500.00, which produces from the turnpike levy of 25c, \$32,318.00, from this should be deducted an over-head expense, comprised, as follows:

Commission to Sheriff for collecting ..... \$1,385.00  
Interest on Bonds and borrowed money ..... 3,480.00  
Superintendents' salary ..... 1,800.00

Or a total over-head of ..... \$6,665.00  
After deducting the over-head from the total fund, there is a balance of \$25,653.00, to be applied to the system of 265.8 miles of pike.

We occasionally have a cloud burst in some part of the county, or have an accident to some large bridge, and I consider it is fair to deduct 10% of the net road fund for an Emergency Fund, which, in this case, amounts to \$2,565.00, which leaves \$23,088.00.

The City of Maysville produces of the above fund, \$728.00, which deducted from \$23,088.00 leaves a balance of \$15,328.00, to be distributed in the 16 Precincts of Mason County, in proportion as it is produced in said Precincts.

I hand you below, a statement, showing the mileage in said Precincts, as well as the road fund to be distributed:

Precincts	Miles	Pr Mile
Dieterich	8.65	\$115.75
Plumville	47.00	14.35
Orangeburg	745.00	26.3
Lewisburg	1656.00	28.4
Helena	1078.00	15.25
East and West Maysville	2781.00	37.7
Murphysville	614.00	14.1
Washington	1662.00	19.3
Sardis	125.00	14.1
Plumtown	1189.00	19.85
Hoves	927	12.6
Fernleaf	1025.65	19.3
Minerva	567.00	11.55
Dover	1013.00	11.3
Germantown	546.00	14.4

Since the City of Maysville produces \$728.00, I think it is only fair and justice to the Maysville taxpayers, that this money should be applied to the 67.9 miles of main line turnpikes, which is comprised, as follows:

Lewis and Mason	9.7	\$155.03
Mt. Carmel	11.2	184.05
Flemingsburg	11.3	2,022.10
Lexington Pike	16	2,832.70
Sardis	8	1,320.30
Germantown	11.7	1,914.49

This makes \$107.00 for each mile of the above main line pikes, from Maysville alone. By grouping the mileage of the respective pike in each precinct, through which they go and applying the fund, per mile, derived from that precinct, we arrive at the amounts to be applied to each turnpike in Mason county, as follows:

Mason and Lewis	9.7	\$1,551.03
Mt. Carmel	11.2	1,840.05
Flemingsburg	11.3	2,022.10
Lexington Pike	16	2,832.70
Sardis	8	1,320.30
Germantown	11.7	1,914.49

Forest avenue and Lexington street ..... 1.5 ..... 173.60

I do not believe that the present management would secure good results with any amount of money obtainable.

The counties I visited in Central Kentucky, last week, will build beautiful roads at the price of \$1,500.00 per mile, and in only one instance did I see a road that cost the latter amount. This road was practically rebuilt from end to end, a great deal of excavation having been made to widen parts of the road.

The plan I am suggesting, of course, is only my own ideas, as taken from the observations I have made, and I could hardly expect that my plan would be adopted in whole, but I am confident it would devise a system by which the management would start knowing just the amounts of money that could be expended, and every taxpayer in Mason county would be getting the benefit of, at least, the amount of road fund he is paying in taxes, and if this is done, I do not believe there would be any complaint in any quarter of Mason county. The question is, where shall we start?

Our present management have shown in the last 5 years, that they have made a failure, absolutely, of the running of the turnpike affairs, therefore, in order that no more of Mason County's money be frittered away, there is but one thing to do. The entire Fiscal Court and the Road Engineering Department of Mason County to resign, immediately, and turn the

#### AN ACT OF KINDNESS

A Maysville Resident Speaks Publicly for the Benefit of Maysville People.

If you had suffered tortures from kidney trouble, Had experienced with different remedies without relief; If you were finally cured through a friends suggestion— Wouldn't you be grateful?

The following statement has been given under just such circumstances: Mr. Gallenstein has used Doan's Kidney Pills.

He publicly tells of the benefit he has received.

His simple act of kindness to other Maysville sufferers.

No need to experiment with such convincing evidence at hand.

Mr. Gallenstein speaks from experience.

You can rely on what he tells you. Henry Gallenstein, blacksmith, Poplar St., Maysville, says: "Doan's Kidney Pills are the best of kidney medicines. I have used different kinds and no other has ever equalled this one. When my kidneys were out of order and I had pain in my back, I used Doan's Kidney Pills. They stopped the pains and strengthened my kidneys. The cure has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Props., Buffalo, N. Y.

Affairs over to some-one-else, as 18 months more of the present management, will certainly put us in condition that many years to come would not bring us back to where we should be.

This closes my arguments in the case of the Mason County Turnpikes. It is now up to the taxpayers of Mason county to act, as the facts I have stated are absolutely true and have never been contradicted, and the present management stands guilty of every accusation I have made by the silence they have maintained.

W. HOLTON KEY.

#### SKIRTS

Modest persons who have been holding their breath may now let it out again. They have received the maximum shock. The momentous question whether skirt borders were to follow demurely after shoe tops receding ankleward or were to go still higher, on the rebound, as it were, has been answered. Skirts are to be longer.

Paris has said it, and when Paris says so the thing is as good as done. But even Paris does not promise that the lengthening will be sufficient to restore to present application Sir John Suckling's lines:

Her Feet beneath her petticoat  
Like little mice stole in and out,  
As if they feared the light.

There will be no low visibility about feet. They will be perfectly frank and apparent. Also ankles, for skirt hems will be from five to six inches from the ground, according to this fall's models. It is explained that while the new skirts are not really narrow, "they are straightened, and therefore must be longer in order to give good lines." The panier effect's fullness about the hips is to be shifted to the shoulders, although we are assured that we are safe from anything approaching the old leg-of-mutton sleeves.

In other words, the dressmakers' bulletins assure us that skirts are to be sensible in fullness and length, not so short as to make the wearers appear ungainly, nor yet so long as to compete with the street cleaners' brooms. Just why skirts should be longer for winter's slush and mud than for summer draught is "one of the things no fellow can find out," but then it's none of his business, anyway. Of course, "dresses will cost more," and very appropriately, as husbands and fathers will agree, "somer colors will be worn."

Though the public eye may be focused upon Mexico, the political campaign will furnish some choice sparks nevertheless.

Catarth Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarth Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. ### "Food Is Its Own Best Digestant"

"All too frequently, we prescribe medicines for patients who suffer from indigestion, when, as a matter of fact, what they actually need is a simple course of dietetic training and the proper food-stuffs to train on."

"This is the famous 'reason' for the popularity of Grape-Nuts as an article of diet, viz., that it furnishes this very course of training for the digestion. It not only furnishes the proper diastase for the process of digestion, but it favors a return to normal digestive function because the firm, crisp kernels compel thorough mastication."

One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream."

## DIXIE SENATORS

Lead in Revolt—Immigration Bill Taken Up in Defiance of Democratic Caucus—Debate Unfinished—Early Adjournment of Congress Threatened by Unsuspected Move

Washington, August 21—An unexpected Democratic revolt in the Senate today resulted in the immigration bill being taken up in defiance of the Democratic caucus and opened the way for efforts to displace the revenue bill as unfinished business, an action which might indefinitely prolong the session of Congress.

Ten Democratic Senators voted with the solid Republican minority to take up the immigration bill upon a motion by Senator Smith, of South Carolina, chairman of the Immigration Committee. They were Ashurst, Beckham, Chamberlain, Culberson, Hardwick, Lane, Myers, Overman, Smith of South Carolina and Vandaman.

Debate began on the measure immediately and proceeded until 2 o'clock when the revenue bill automatically came before the Senate. Senator Smith then moved to displace the revenue bill provoking an all-afternoon discussion which will be resumed when the Senate meets tomorrow.

Leaders Claim Balance of Power Administration leaders said tonight that they had enough votes to defeat the Smith motion. Even some of the revolting Democrats have declared their intention of voting against it. Should it prevail, the resulting fight over the literacy test provision would upset all adjournment calculations.

Senator Stone, chairman of the Foreign Relations Committee, was particularly aroused over the action of the revolters. He charged them with treachery to the party in overturning the decision of the Democratic caucus to postpone action on the immigration bill until December.

"It turns over to the Republican minority the control of legislation," said Senator Stone. "I for one would rather be in the position of standing with the Democrats who remained faithful to the party action, than to cross the aisle and join hands with the Republican minority."

Senator Stone's words aroused the ire of Senators Hardwick and Smith, of South Carolina.

"I promised my constituents that I would do all in my power to secure the passage of the immigration bill," said Senator Hardwick, "and I propose to stand by that promise. My constituency is greater than the Democratic caucus."

Senator Smith insisted that the immigration bill never had been a partisan issue.

"In view of some of the revelations that have come in this country since the beginning of the European war," he said, "I should think even the opponents of the immigration bill would be converted. We should shut our doors until we can Americanize the crowd we now have, so that men on this floor might fight for the American flag without fear."

LAFAYETTE DAY TO HAVE PLACE IN U. S. CALENDAR

New York, August 21—Reports from many localities throughout the country indicate that the observance of Lafayette Day, September 6, will be on a national scale, "thereby insuring for it a definite place on the calendar," the Lafayette Anniversary Committee of which Charles W. Eliot, president emeritus of Harvard University, is chairman, announced today.

New York, Boston, Washington, New Orleans and Fall River, Mass., are among the cities in which preparations for extensive celebrations virtually have been completed and patriotic societies are arranging programs in hundreds of other cities.

The committee has made thousands of tri-color badges to be sold throughout the country for ten cents apiece on Lafayette Day, the proceeds to go to the Lafayette fund.

HUGHES' LIFE THREATENED IN ANONYMOUS LETTER

Long Beach, Cal., August 21—The Long Beach police made public today a letter said to have been received by the secretary of Charles E. Hughes yesterday, in which the life of the Republican candidate for the presidency is threatened. According to the postmark, the letter was mailed in Los Angeles last Saturday. It reads:

"We warned you before you left the Supreme Bench that you never would sit in the presidential chair. Watch out at Santa Ana."

The letter is unsigned. Mr. Hughes is scheduled to pass through Santa Ana on his way from San Diego to Los Angeles.

If you see a man with a peculiarly mournful cast of countenance, it may be because his income is so large that he has to make a return to the international revenue collector.

## ABOUT THE "SILO"

Quite a number of questions have been asked concerning the new fire escape on the High School building. The escape will certainly mar the attractiveness of the building but this was the only place for the escape to be constructed. The State of Kentucky has forced the Board of Education to construct a fire escape of some kind and after studying over the matter for some time it was decided to purchase the spiral escape. When it was ready to be put up the question arose as to where it should be put. Investigation showed that the front of the building was the only practicable place to put it. Possibly the only time the escape will ever be needed will be during an entertainment in the auditorium and this is a bare possibility. The students in the building are in an admirable state of discipline in their fire drills and so the matter of a fire in that building is a small affair.

## BITTEN BY HORSE SUFFERING FROM RABIES

Mr. Wade Hampton, a prominent young farmer of Tolesboro, was bitten on the arm by a horse suffering from rabies last Friday. He was doctoring the animal when he was bitten. His younger brother, Henry, was slightly bitten by a young puppy, supposed to have been suffering from the same disease several days ago. Dr. W. T. Pludek sent them to Bowling Green, Ky., Sunday for treatment for the disease.

"Mr. Hughes has unequivocally taken the right position, and as regards all other positions he, and not his opponent, is entitled to the support of both men and women, and therefore the women in the enfranchised states who do not in this election support him forfeit the right to say they have done their utmost for their sisters in the non-enfranchised states."

The Greenleaf is the Cincinnati packet today.

The Greenwood will pass up tonight for Pomeroy.

Heavy fogs on the river the past six days have delayed the packets quite a bit. The Greenwood was several hours into this morning.
